

6-6-2019

Dear Sir/Madam,

Thank you for your interests in **Bensink BMX Gates!**

The price for the complete 8-men gate is 12.950- euro ex VAT (21%)

This includes:

- Electrical installation of the gate (connecting cables to the gate and voicebox)
- Voicebox random
- 2 Gate light (4 led lights)
- 1 cylinder + 4 shock absorbers
- 1 Speaker (8 Ohm)
- Cables + airtube
- Riders platform with anti-slip plates

The gate will be delivered in several parts, so when the gate arrives you need to install all the parts together to form a working gate. (Instruction manual comes with the gate)

Transport is not included.

The price of transport will be 495,- euro ex VAT (21%) on this moment.

The price for helping with the installation 800,- euro ex VAT (21%)

What does the club need to take care of:

- A crane to put the gate on the right place (need to lift 1000kg)
- A flat concrete floor, wooden floor or something like that. The gate has to be attached on this floor
- A compressor with continuously 8 bar (200L tank which pumps 600L per minute)

Guarantee:
